

New Year, New Customers for Omnica

Warrington, UK, 28th January 2011

Omnica signs three new customers in January 2011

Omnica today announced that they have signed three contracts with new customers in the first month of 2011. The contracts are for the supply and implementation of the Omnica MCR solution together with Dynamics AX and are for businesses in the multichannel retail and distribution marketplaces.

Harry Manley, Managing Director of Omnica, commented "We have had an excellent start to 2011! The Omnica team worked hard to secure these contracts and the projects are well underway already. We are confident with what 2011 will bring for Omnica; we have great products, a fantastic team and an impressive customer reference list. I am sure this is only the beginning of what will be a record breaking year for us."

About Omnica

Omnica provides software solutions for Multi-Channel Retail and Distribution, built inside Microsoft Dynamics AX. Founded in 2007 by Harry Manley and Jon Whiteley, Omnica has gone from strength to strength securing several high profile customers including Direct Wines, LuckyVitamin.com, Orbital Response and The Scout Shops.
